---

## Skills

- Strong grasp of core Web Design technologies with heavy emphasis on HTML5 and CSS/SASS
- Various front-end libraries, including jQuery, Bootstrap, Express, EJS, and React to create dynamic and adaptable projects.
- Firm understanding of JavaScript ES6 and sound programming principles such as DRY, separation of concerns, single responsibility principle, and writing clean, conventional code.
- Great aptitude to learning and adapting to new technologies quickly by reading and applying documentation
- Energized by encountering new problems with a mentality to overcome
- Using Node.js as runtime environment for server-side processes, including database management through SQL and MongoDB/Mongoose, and using version control with GitHub
- Team worker—Able to focus on my responsibilities and trust the skills of my teammates, yet willing to step in and help others when necessary. Able to follow direction of project managers without deviating from the objective.

## Experience

**Audio Production/Game Design** – Elected Games Studios, *Lancaster, PA* 01/2019 – 04/2020

Assisted in development of mobile-based indie games in the Unity/C# engine through data organization and game logic, as well as their sound/music composition and production.

**Service Manager** – Chipotle Mexican Grill, *Lancaster, PA* 06/2014 – 05/2016

Responsibilities including:

- Handling inventory/orders and ensuring responsible cash management
- Customer Service—ensuring a fantastic client/business relationship, especially with valued patrons
- Recruiting and hiring to build a culture of high energy and high standards
- Analyzing and optimizing throughput for customer satisfaction
- Meticulous attention to safety protocols and equipment performance standards

**Adjunct Professor of Applied Piano and Keyboard Studies** – Lancaster Bible College, *Lancaster, PA* 01/2018 – 05/2020

Redesigned keyboard curriculum for undergraduate music students to achieve standards set by NASM.

## Education

**Lancaster Bible College** – Bachelor's of Music Performance, Piano 2010 – 2014

**West Chester University of Pennsylvania** – Master's of Music, Piano Pedagogy 2017 – 2019

**Udemy/The App Brewery** – The Complete 2019 Web Development Bootcamp 2019 – 2020  
Hands-on full-stack curriculum, covering HTML and UI design through server storage, APIs, OAuth/security, and templating technologies.

**FreeCodeCamp.org** – Responsive Web Design Certification 2020  
Online Certification through FreeCodeCamp, earned through creating projects using HTML, CSS, Bootstrap, and React.
